

## Year 5 Term 2 Project Based Homework

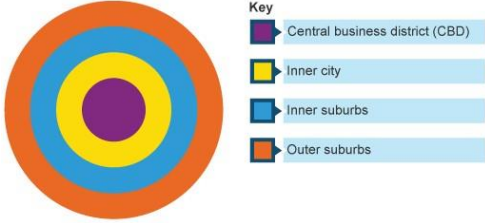

This term our Connected Learning is led by the question:

*If you were settler, where in the world would you choose to settle?*

This question derives from the KS2 Geography & History Curriculum: Settlements

To support your learning this term, please choose at least one of the following homework projects:

Geography: Factual	DT: Creative
<p>Option 1: Country Study</p>	<p>Option 2: Settlement Model</p>
<p>Where in the world would you like to settle? Perhaps it's a country you've visited or would like to visit? What interests you about it?            What makes it an ideal place to live?            Whereabouts in that country would you like to settle and why?            What information can you tell us about this place?</p> 	<p>The picture to the right is 'The Burgess Model'. It shows you the zones within in a city; demonstrating how they spread outwards in a circle-like way. Your challenge is to build your own 3D settlement model. See example to the right.</p>   <p>Think carefully what would be found in each zone and make sure they are correctly labelled.</p>

Completed homework should be brought into class ready to present in class the week beginning 11<sup>th</sup> December 2023.
