

## Year 5 Term 4 Project Based Homework

This term our Connected Learning is led by the question:

*What is the significance of our world in an infinite universe?*

In the coming weeks, we will be focusing on the significance of our planet - what makes it special? Studying specifically, the climates and biomes that our planet provides as well as the geographical features of other planets such as Mars and Venus.

To support your learning this term, please choose at least one of the following homework projects:

Connected Learning: Factual Research	D.T: Creative	English: Creative
Option 1: Planet Earth	Option 2: Planets	Option 3: Planet Song/Poem
Create a factual presentation about our planet: Earth. What is our planet made of? What layers does it have? How was our planet different of millions of years ago? How have our lands and oceans changed? How have our climates changed in more recent years? Your presentation can be in the form of a poster or PowerPoint presentation.	Create a model of our solar system. This should demonstrate how the planets orbit around the Sun. Provide facts for each of the planets to present your model to the class.	Write a science-fiction story based in the future. It should be set in space and could include: aliens, planets, spaceships, astronauts, new technology, robots. Make it exciting and dramatic!

Completed homework should be brought into class ready to present on **Monday 25<sup>th</sup> March 2024**
