

# Hazel and Sycamore Class

## Term 4

Hello, we hope you all had a fabulous half term. Can we remind you to ensure your child's belongings are named, as it is very hard to match items to owners otherwise. **Don't forget your water bottles!** We can't wait to get stuck into our learning this term.

### Term 4 Christian Value – Wisdom

For the Lord gives wisdom; from his mouth come knowledge and understanding.

*Proverbs 2: 6*

Please take a look at the school website and Seesaw.

On there, you will find your child's home learning, as well as lots of links and resources in order to support your child's learning!

**Reading** – Please aim to read to your child at least once a week, and **have them read to you at least five times a week!** We will change books on **Mondays, Wednesdays and Fridays, if the reading log has been signed.**

It might mean your child has to read the book twice to you. There are many comprehension skills gained by repeated reading. Remember that every read earns your child a step up on the reading ladder as they aim to get a reading certificate.

In **PE**, we will be learning dance during inside PE and invasion games in outside PE.

**Our PE days are:**  
**Sycamore:** Wednesday and Friday  
**Hazel:** Tuesday and Wednesday

### What would you put in your own museum?

Our Connected Learning question in Term 4 will be concluding 'What would you put in your own museum?' We will be looking at the Monarchy, learning about significant British Monarchs through History and ending learning all about the upcoming coronation of King Charles.

In **Science**, we will be learning about the four seasons and the weather associated with each one.

In **Art**, we will be looking at primary and secondary colours, colour mixing, and how artists like Mark Rothko use colour to show emotion. We will also be looking at portraits of the King and how to create one.

In **Maths**, we will be learning place value to 50, and then the language of measuring; learning to measure in standard and non-standard units. We will be learning about height, length, weight and volume. We will then consolidate our learning so far this year.

In **RE**, we will be looking in detail at the story of Easter and answering the question 'Why does Easter matter to Christians?'

In **ICT**, we will be learning about algorithms and learning that they are a precise set of instructions.

In **English**, we will develop our sentence writing by writing our own adventure stories using the past tense. Our book to start our English topic is 'The Curious Case of the Missing Mammoth' by Hattie Mountford. Please continue to encourage your children when they write at home to use capital letters at the beginning of sentences, full stops and finger spaces.

In **PSHE**, we will look at our 'Rights and Responsibilities', including living in the wider world/environment, money and health! In **Music**, we will listen to music from the past, sing songs and play instruments based on our topic of museums.

**Hazel Class Teacher:** Mrs Nickle. **Class TA:** Mrs Rakesh **1:1 TA:** Mrs Jones & Miss R.

PPA cover is Tuesday morning covered by Mrs Nickelson.

**Sycamore Class Teacher:** Miss Tree **Class TA:** Mrs Mitchell **1:1 TA:** Miss Richmond & Miss Morris.

PPA & ECT time covered Tuesday all day by Mrs Wells.
